For Immediate Release

FREE IMMUNIZATION CLINIC FOR STUDENTS ENTERING THE 7TH GRADE

Health Department to offer the Tdap vaccine on August 9th

(Martin County, FL) The Florida Department of Health in Martin County is hosting a free clinic to provide the Tdap (tetanus, diphtheria and pertussis) booster immunization for students entering the 7th grade on Saturday, August 9th from 10:00 am – 2:00 pm at 3441 SE Willoughby Blvd., Stuart.

Florida statute requires students who are entering the 7th grade to show proof of the Tdap booster vaccination on a #680 form. If the student has already received the Tdap booster, parents are asked to deliver the #680 form to their child's school before August 18th.

No appointment is needed. Vaccine supply is limited and will be provided on a first come, first served basis. A parent must be present in order for their child to receive the vaccine.

Immunization information is available at www.MartinCountyHealth.com
